### December Highlights

**Youth Concerts Usher in the Season**  
 There are some events that are synonymous with the holiday season for many Arlingtonians, including the Winter Concerts that are presented each year at our public schools. ACMi was once again in attendance as the Ottoson Middle School band, orchestra, and choral groups showcased their talents for an appreciative crowd in both the middle and high school auditoriums. Each of the concerts – one featuring instrumental ensembles and the other vocal music – will be broadcast in a timeslot of its own on the Education channel throughout the holiday season.

**High School Basketball and Hockey on ACMi**  
 Did you happen to catch some of ACMi's fall high school sports programming this year? It was the most comprehensive coverage yet of AHS football and soccer, and we are keeping our pedal to the metal as we move into official winter! ACMi's crack sports team will be regularly broadcasting both girls' and boys' basketball and hockey throughout the season. Multi-camera shoots, instant replay, and veteran play-by-play announcers are just a few of the reasons why ACMi's sports programming is a must-see for high school sports fans of all ages. Look for the games on our Education channel – go Spy Ponders!

**Journalism Club Hosts Panel**  
 These are fascinating times for the field of journalism – it is under constant assault, and yet it continues to have the capacity to bring stories to light that have a direct impact on the world around us. Recognizing this pivotal moment in the profession, the AHS Journalism Club recently convened a panel discussion with local journalists David Whitford, Abbi Matheson, Heather Beasley Doyle, Brenda Mahoney, and Dave Denison. Moderated by AHS students Isabella Scopetski and Claire Kitzmiller, the far-ranging conversation focused on the current state of journalism and news consumption. There was much to share in the varying perspectives of these professionals in the field, and it made for a spirited and informed discussion. You can catch it on the Education channel.
